The Royal Visit

Edmonton and district joins with all of Canada in extending welcome to Her Royal Highness Princess Elizabeth and the Duke of Edinburgh. Coming as it does, in this time of world unrest, their visit is symbolic of the unity and emotional ties that link Canada and her people to the Mother Country and her Reigning Monarch, the Princess's Father, his Most Gracious Majesty, King George VI.

During their all too short visit, it is the hope of the people of Edmonton and district, that the Royal Couple will be able to feel the deep affection and esteem in which they are held by the Canadian people.

The Reception in the Macdonald Hotel, the tour through the City, our refineries and surrounding oil fields, and the Official Reception in Alberta's Legislative Buildings will give them a glimpse of our resources, industry, and people, all of which are but a small part of the power and closely knitted strength which is the British Commonwealth of Nations, the greatest family of free nations ever to owe allegiance to a single Crown.
